

Manager's Report
March 2019

All regular league play has concluded and Club Playdowns are underway.

Over 300 grade 6/7 students came through the doors to Learn to Curl. The school curling program is now complete for the season, with Spring Break beginning next week.

The Ladies Bonspiel was held the weekend of February 22-24. 24 teams and one on the waitlist, participated in a weekend of great curling and female camaraderie. Overall a success!

Doubles Bonspiel cancelled due to low registration numbers. Perhaps a committee chairperson and earlier advertising will result in a full field next season.

The 80+ Invitational Bonspiel was on Monday and Tuesday, March 4 & 5 and the Daytime Funspiel is scheduled for Friday, March 22nd.

One additional private event has been booked for the afternoon of Thursday, March 22nd. This will be Unifiller's 6th Annual Curling Party, with 50 guests expected!

I have met with my Goldline and Asham reps and am excited about the new products for next season.

Neil McClennan and I are working together to design a simple architectural drawing for the new pro-shop. The hopes are to meet with Robert Sullivan before the end of the season, with the project to complete for the 2019/2020 season.

RSVP's for the Award Celebration are coming in quickly, with the invitation having gone out this week. I am to give final numbers by March 23rd. Table reservations of 10 people will be taken.
